#### Professional Summary

Enthusiastic and results-driven Computer Science student with expertise in full-stack development, machine learning, and cloud computing. Skilled in developing scalable applications, integrating databases, and optimizing user experiences. Adept at problem-solving, collaboration, and applying innovative solutions. Seeking an opportunity to leverage technical knowledge and analytical skills in a dynamic, fast-paced environment.

#### Education

Bachelor of Technology (B.Tech) - Computer Science  
IKGPTU, Swami Vivekanand Group of College (2023 - 2027)

12th Grade - Science  
Marwari College, Ranchi (JAC, 2023) | 82%

10th Grade  
Govindram Kataruka, Pundag (CBSE, 2021) | 61.2%

#### Technical Skills

- Frontend Development: ReactJS, JavaScript, HTML, CSS, Tailwind CSS, AOS
- Backend Development: NodeJS, ExpressJS, MongoDB, MERN Stack
- Programming Languages: C++, C, JavaScript, Python, Java
- DevOps & Version Control: GitHub, GitHub Actions
- Machine Learning: Fundamental concepts & practical applications
- Soft Skills: Problem-solving, leadership, adaptability, time management

#### Certifications

- Machine Learning Fundamentals
- LTSU Web Weever
- Git and GitHub Certificate
- Bharat Tech Hackathon Certificate

#### Projects

##### Weather App

Developed a real-time weather application using HTML, CSS, JavaScript, and Open Weather API  
Implemented AJAX and Fetch API for live data retrieval  
Designed a responsive UI with temperature, humidity, and weather condition display

##### To-Do List App

Built a task management tool using JavaScript, HTML, CSS  
Integrated local storage for task persistence  
Features: Add, edit, delete, and mark tasks as completed  
Deployed Link: <https://to-do-list-kappa-eosin-87.vercel.app/>

##### URL Shortener

Developed a URL shortening system using Node.js, Express.js, and MongoDB  
Implemented RESTful API for backend functionality  
Features: Generate short URLs, store analytics, improve accessibility  
Deployed Link: <https://urlshortener-liard-pi.vercel.app/>

##### Blog App

Built a full-stack blogging platform using MERN Stack (MongoDB, Express, React, Node.js)

Implemented user authentication (JWT, bcrypt) for secure login

Features: Create, edit, delete posts, comment, like, and category-based filtering

Deployed Link: <https://blog-app-psi-pied.vercel.app/>

Achievements & Extracurriculars

- National Level Bharat Tech Hackathon - 30-hour participation
- Organized and mentored a coding bootcamp
- Technical Coordinator at SVIET College
